

Bellissimo Law Firm has great lawyers who have handled our immigration case. The staff was very professional. We are very happy with their service. We had to go through a tough ordeal because of misrepresentation earlier and our file was rejected. That is when we assigned this case to Mario Bellissimo. I would happily refer his law firm to any one whose in the same situation as ours or any immigration related matter.

I would like to mention a special thanks to Tamara who was in touch with us and kept us posted. Mario had 100% confidence in our case that we will win which was very assuring for me and my family. And we finally got our permanent residency. God bless him and his firm.
