

I am indebted to Ms. Viola Gniadek, Mr. Mario Bellissimo and the entire team at Bellissimo Law Group for having assisted me with my Spouse's Open Work Permit & Children's Study Permits that were denied unfairly and arbitrarily – Twice consecutively – earlier this year.

Viola assisted me in putting together my family's file from scratch, over a period of 2 months. This would be my third attempt, and my first time with the law firm. There were times I had bouts of anxiety given the air of uncertainty and hopelessness but Viola was always there to calm my nerves and was very quick in her email responses. The firm knows what they're doing and they do it very, very well!

Absolutely recommended and I will not hesitate in using their services again in future, should there be a need :)
